

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

Safety First

When summer camp begins, the Sky Family YMCA will have provided 10 weeks of relief care for children of essential workers. The safety of our campers and staff is our top priority and we take this responsibility very seriously. We are committed to making our summer camps just as safe as the emergency Youth Relief Care we're currently offering at 6 of our YMCA centers. The Y staff are very experienced in keeping children and staff safe, especially during these uncertain times.

Safety Standards for Summer Camp

As we prepare for summer camp, we are working directly with the Centers for Disease Control & Prevention (CDC) and the American Camp Association (ACA) to implement procedures that ensure our campers' continued safety. Until we receive their official camp recommendations, we plan to implement the following protocols:

- Before children and staff are checked in, their temperatures are taken. For the safety and well-being of others in camp, those running a temperature of 100.4+ degrees cannot attend.
- Staggered curb-side check-in.
- Low ratio camp groups spread throughout the whole facility. Campers remain in their same small groups throughout the week.
- Individual and spaced out activities to practice safe social distancing. Limited sharing of supplies.
- Ample access to hand washing and hand sanitizer stations, especially at check-in, before meals and after restroom use.
- Y staff intentionally teach and encourage good hand hygiene, respiratory etiquette and follow a strict sick child/staff policy.
- Significant disinfecting of supplies and activity areas throughout the day.
